TEN CENTS PER WEEK

TAFT COMPLETES THIRD OF JOURNEY AT SAN FRANCISCO

Has Covered 5,426 Miles and
Made 112 Speeches
to Public.

His Voice Is Troubling Him a
Great Deal.

WILL CURTAIL SOME TALKS

San Francisco, Oct. 5.—So far Taft has completed one-third of his journey on time. He has traveled 5,426 miles, spoken 112 times in public since leaving Beverly. At this rate he will make three hundred speeches before he returns to Washington November 10. As his voice is getting tired, it is believed he will make fewer open air talks during the rest of the trip. The cold contracted at Seattle last week is still bothering him in spite of the efforts of Dr. Richardson, who is traveling with him. A gang of pickpockets is following Taft's train and the members of the gang start to work in the Taft crowds as soon as the president appears. In the excitement they reap a harvest.

WILL DIET TAFT ON MUSIC.
New Orleans Will Depend on French
Opera to Entertain President.

New Orleans, Oct. 5.—Greatly disappointed and considerably chagrined at the corned-beef-and-cabbage edict which has placed a ban on the rich Creole dishes which were served to President-elect Taft last February, New Orleans has decided to fill up President Taft with music when he visits this city the latter part of the present month.

Too proud to dabble in such plebeian foodstuffs as cabbage and corned beef, the haughty Creole chefs have been eliminated from the running, and the French opera season, which usually opens late in November, will start the latter part of October, and will form the piece de resistance during the president's stay and throughout the entire time that the lakes to the Gulf deep waterway convention is in session.

Boxes of honor will be reserved in the old French opera house in Bourbon street for President Taft, Vice-President Sherman, Speaker Cannon and other distinguished visitors.

DAD HAD THEM ARRESTED.
Two Boys in Jail for Whipping Their
Old Father.

Hickman, Ky., Oct. 5.—Sam and Dick Brockman, ages 17 and 20 years, were arrested by Deputy Sheriff Goulder Johnson, on a warrant charging them with whipping their father, J. B. Brockman. The father made the complaint, and says the trouble was the outcome of his trying to get the young men to help with the cotton picking on the farm, which they were cultivating a few miles below town, in the lower bottoms. The boys are now in jail awaiting a hearing.

BOARD OF WORKS WILL OPEN
BIDS FOR IMPROVEMENTS.
The board of public works met in regular session this afternoon. Bids will be opened for the grading and graveling of the alley between Meyers street and Farley place. It will be the fourth time the board has opened bids, each time the contract being prevented from being executed, however, through no fault of the board of public works.

A tank of crude oil has failed to arrive and the work of oiling Broadway has been delayed. The street has been swept off and the tank is expected to arrive any day. The oil has about been absorbed on Jefferson street, and it makes an ideal street for driving.

TWO RAILROAD DISASTERS.

Iron Mountain In Missouri, and
Michigan Central in Michigan.

Poplar Bluff, Mo., Oct. 5.—One was killed, three were severely injured when an Iron Mountain fast mail was derailed near here today. It ran into a horse and the horse was thrown against a switch with such force that it turned it. The train struck a switch point and was derailed. Fireman Brown was killed, Engineer Hart scalded, J. Hughes and R. Gosling, of Chicago, concealed on baggage car, were so severely injured they probably will die.

Lapeer, Mich., Oct. 5.—Two fast trains on the Detroit-Bay City division of the Michigan Central railroad collided at Carpenters, between here and Columbiaville today. Both engineers are dead, and one fireman and brakeman injured.

Supreme Court Defines Earnings of Banks In the Case of Two Livingston County Institutions

Interest On a Loan Is Not
Earned Until the Paper Ma-
tures No Matter When It
Was Collected.

A question in banking that has attracted the attention of bankers all over the state has just been decided by the Kentucky court of appeals in favor of the First State Bank, of Smithland, which brought suit against the Old Livingston County bank, D. A. Dunn, president, C. O. Lowery, cashier, J. F. Abell, assistant cashier and all other stockholders, to recover the earnings of the old bank from November 1 to December 31, 1906. Several bankers from Paducah testified in the case and the appellate court defined the word "earnings," upon which hinged the important question.

November 1, 1906, the First State bank bought out the Old Livingston County bank. The provisions of the sale were that the purchasing bank should receive along with the assets of the old bank all the notes and accounts on hand January 1, 1907, and also that it should receive "all earnings" of said bank up to December 31, 1906. The controversy arose over this and two judgments that the old bank sold between November 1 and December 31. A technical point was what the word "earnings" meant and it was left to the court of appeals to decide.

It seems that between November 1 and December 31 the old bank had loaned money to persons and in some instances the notes would not reach maturity until after December 31, which was the time limit. The First State bank claimed the interest after that time on the grounds that it was the earnings of the bank. Several Paducah bankers testified that earnings, discount and interest meant the same and the appellate court decided the purchasing bank was entitled to the interest after December 31, which the old bank claimed was not a part of the earnings. The decision was that "interest charged for money whether collected when the loan is made or when it is matured or paid is not really earned until the maturity of the papers."

The First State had brought suit against the Old Livingston County bank in the lower courts but the question of earnings was not decided. The old bank took an appeal while the First State bank took a cross appeal. Representing the winning bank were Attorneys Grassham, Berry & Threlkeld. Attorneys Hendrich, Miller, Marble, Wilson and Landrum represented the old bank.

Gov. Draper Loses Home.
Boston, Oct. 5.—Fire this morning destroyed Gov. Draper's Boston residence. The estimated damage is \$200,000. The governor and family are out of the city.

Don't Forget to Reg- ister Sometime Today

Have you registered?
If not, go at once and do so, or attend to it before 9 o'clock tonight, as there may not be any supplemental days this year, and you will lose your vote.

The registration has been only fairly large, but as a great portion of the voters wait until late in the day to register, a prediction on the total for the day is merely guess work.

Some of the officers were late in getting to the polling places this morning, delaying things somewhat, but at 2 o'clock everything was running smoothly.

Following are precinct registration places in the city, open from 6 a. m. to 9 p. m.

Bernhard's—George Bernhard's store, Seventeenth street and Broadway.
Savage's—Sixteenth and Madison streets, at Sexton's paint shop.

COMMERCIAL CLUB MEETS TONIGHT

AND IMPORTANT PROPOSITIONS
WILL BE SUBMITTED TO THE
DIRECTORATE AT THE
PALMER.

An important meeting of the Commercial club will be held tonight at 7:30 o'clock in the parlors of the Palmer House. Secretary S. A. Fowler has some important matters to bring before the board, and every member is urged to be present.

CHILD INCENDIARY

YOUNGSTER FIRES HOUSE IN
MOOD OF ANGER.

Angry because she was told to stay at home and watch the house, the four-year-old daughter of Della Burth, colored, set fire to the house this morning, and it was destroyed by fire. It was located in an alley between Tennessee and Jones streets near Seventh street. The adjoining houses were damaged by the fire, but the firemen extinguished the blaze without further loss. The property was owned by Nick Yopp and was valued at about \$500. Hose companies, 1, 2 and 4, and truck company No. 4, answered the alarm.

N. C. & ST. L. BUILDING
A CONCRETE CULVERT

The Nashville, Chattanooga & St. Louis railroad has begun the construction of a concrete culvert for Cross creek near the Union station. The culvert will replace a wooden trestle, and will give a firmer roadbed for heavier traffic when the Burlington makes connection with the railroad. Several months ago all of the bridges were strengthened and steel bridges erected, in preparation

DANES STRONG FOR THE DOG- TOR'S POLAR CLAIMS.

Copenhagen, Oct. 5.—The Danes
are strong for Cook still. The Royal
Geographical society will do his bid-
ding regarding the time and place
for investigating. They would like
the first chance, but will waive it in
favor of American scientists if Cook
requests. They have no doubt that
Cook was there.

WALSH DECISIONS WERE SUSTAINED IN HIGHER COURT

Was Convicted On Fifty-Four
Counts Each Calling
For Five Years.

Case Was Fought Bitterly By
His Attorneys.

WAS ONCE MULTI-MILLIONAIRE

Chicago, Oct. 5.—The decision against John R. Walsh, the former multi-millionaire banker, was sustained this morning. Convicted on 54 counts, each calling for a hundred years at the government penitentiary at Leavenworth, Kansas. His attorneys fought bitterly to end, but the government case was contended just as bitterly. His last chance of freedom is now gone.

Great interest centered in the verdict of the appellate court. John R. Walsh rose from obscurity to the mastery of millions. His banks were one of the city's big financial institutions. He secured control of railroads, coal mines, quarries, steamships and the like, to an extent which had his luck held out, would have made him one of the country's richest men. He is alleged, however, to have misapplied \$16,000,000 of the bank's funds, through memorandum notes signed with the names of clerks, in an endeavor to keep his vast enterprises afloat. December 18, 1905, the Chicago National gave way under the strain. Walsh was found guilty of fifty-four counts and sentenced to five years' imprisonment in the federal prison at Fort Leavenworth, Kas.

Walsh is now 75 years old, but despite the gloominess of the future he smiled when the decision was read. His attorneys notified the court that within 30 days he would ask a re-hearing on an appeal to the federal supreme court. Walsh did not appear discouraged and reiterated, "I have not yet begun the fight." After the court room was vacated Federal District Attorney Sims, who was the chief figure in the prosecution, said the decision would prove a strong force working in favor of honest and decent banking methods in the United States.

Walsh Will Appeal.
Chicago, Oct. 5.—Walsh's term was fixed at five years. Walsh said he had just begun the fight. He will ask retrial, then appeal to the supreme court, he says.

KINGS OF AIR

ATTRACT ATTENTION IN DIFF-
ERENT SECTIONS TODAY.

Zurich, Oct. 5.—With six balloons still in the air in the Gordon Bennett cup race today, aeronautics enthusiasts pick the American entry, America II, as the most likely winner. When last reported it was flying northwest in a drizzling rain. A message dropped by Edgar Mix, pilot, said the balloon is still well supplied with ballast and in fine shape for a long flight. America, Belgium, France, Switzerland, Germany are represented by balloons still up. The English, Austrian and Italian balloons all have landed.

ST. LOUIS BALLOON RACE

Six Balloons Located—All Took
Different Directions.

St. Louis, Oct. 5.—Balloon St. Louis III, was sighted over Booneville, Mo., at 9 o'clock this morning low. Another was over Tipton, Mo., five thousand feet high, but the name was not discernable. Both were sailing due west. It is believed their courses were changed during night. Booneville is 125 miles west of here. Others have not been heard from.

St. Louis, Mo., Oct. 5.—A farmer near Unionville, Mo., nearly 200 miles northwest of here shot at a balloon, believed to be the Cleveland, but it was not injured. Reports show all went different directions. Six have been heard from.

WRIGHTS WILL NOT
ATTEND RACE MEETS

New York, Oct. 5.—"I do not think I shall ever again participate in a flying meet for money," declared Wilbur Wright today, whose marvelous flight yesterday was regarded as the most spectacular ever in

General Plans For the Formation of a Central Bank Is Announced By the Monetary Commission

Will Have a Capitalization of
a Hundred Million Dollars,
and Officers Will Have Life
Tenure.

Washington, Oct. 5.—Although the plan has not yet been worked out in all details, it is now possible to give an outline of the general scheme proposed for the central bank of the United States, the establishment of which will be recommended by the monetary commission to congress. According to the information received, it will be essentially a bankers' bank, or agency for business with other banks. It will not receive deposits from the public or do any general banking business. The main function will be to act as fiscal agent of the government and, through a large note issuing capacity, limited beyond a certain point by taxation, to come to the aid of other banks in a time of emergency.

It will have a capitalization of a hundred million dollars, apportioned among national banks, and perhaps state banks, on a basis of capital and with a provision prohibiting any bank from acquiring voting rights in excess of its quota.

It will elect a board of directors by districts. Thus each section of the country will be represented. Another board of treasury officials will be appointed by the government. The officers of the bank will be appointed for life. It can issue its own notes, but cannot make any loans, the object being to weld the banking system.

Washington, Oct. 5.—Taft has already indicated his friendliness to the central bank idea and also has the support of the chairman on banking and finance committees of both the house and senate, but the general public is skeptical. The fear is freely expressed that it will be impossible to prevent Wall street from getting complete possession of the national currency. Much of the fear is inspired from memory of the old federal bank of Alexander Hamilton, which was killed by Andrew Jackson. It is feared one now would be a repetition of it.

HIRAM SMEDLEY

TAKEN TO ASYLUM BY SHERIFF
OGILVIE TODAY.

Sheriff John W. Ogilvie will leave this afternoon at 3:40 o'clock with Hiram Smedley, who was adjudged of unsound mind by the jury in circuit court yesterday, for Hopkinsville, where he will be placed in the asylum. Smedley wants to go to Martinsville, Ind., instead of Hopkinsville and says he will not go.

GREAT FOREST FIRES RAGING
IN WESTERN CANADA

Calgary, Alberta, Oct. 5.—One of the worst forest fires in the history of Western Canada, has been raging between here and Hutton nine days. More than two million dollars in damage have occurred already. Hutton is doomed and settlers are rapidly leaving. Everybody for a score of miles is fighting fires.

America. "Brother and I are not in a side show business. We are making a serious study of the airship. I flew in New York because of my respect for Fulton, and regard it the same as the Clermont trip for the aeroplane is in its infancy. The only trouble now is in the motors, and when the motors are perfect the airship is solved." He left today for Washington.

First to Land.

St. Louis, Oct. 5.—The first balloon to land was the Missouri, at Hibernia Station, Mo., 100 miles west.

ONE BALLOON LANDED
NEAR CAIRO THIS MORNING.

Cairo, Ill., Oct. 5.—Balloon Peoria landed at the levee junction, near here, about 125 miles from St. Louis. It beat the Missouri, which landed at Hibernia Station, Mo., several miles in an opposite direction.

Three Still Up.

Zurich, Oct. 5.—The balloons Dusseldorf, Isle de France and Cognac, in the international race for the Gordon Bennett cup, landed at various parts of Austria early this evening. Three are unreported and probably are still aloft. They are the America, Busley and Azorean.

Mr. B. T. Davis left this morning for Union City, Tenn., on business.

BI-PARTISAN BOARD SOUGHT BY WILLSON

ASKS PROMINENT ATTORNEYS
TO DRAFT REDISTRICTING
BILL FOR LEGISLATURE

Frankfort, Ky., Oct. 5.—Governor Willson wrote letters to Judge Alex Humphrey and Andrew Cowan, Louisville; O. H. Waddle, Somerset; T. L. Edelen, Frankfort; John R. Allen, Lexington; John F. Hager, Ashland; L. J. Crawford, Newport; John T. Shelby, Lexington; Jere Sullivan, Richmond; C. U. McElroy, Bowling Green, asking them to serve as a commission to prepare a legislative and senatorial redistricting bill for the next legislature. He informs them there is no provision for pay or expenses but he will ask the legislature to make the allowance. The commission will be bi-partisan.

SECOND DEBATE

HAZELIP AND BARKLEY SPEAK
AT SHADY GROVE TOMORROW.

Tomorrow night at the Shady Grove school house, on the Benton road, Thomas N. Hazlip and Alben W. Barkley, candidates for county judge, will hold the second of their debates. Interest in the race is increasing rapidly, and since Mr. Hazlip's fearless exposure of the true condition of the mismanagement of county business it is the talk of the county. A large crowd will greet the debaters tomorrow night.

CUMBERLAND RIVER PACKET
TIED UP ON ATTACHMENT.

Cumberland river is without a packet, as the little gasoline boat, "Ollie E." was tied to the bank yesterday afternoon by Elwood Neel, deputy United States marshal. She was tied up on a libel suit filed by U. G. Nichols, of Elizabethton, for \$100 alleged due for supplies furnished. However, the owners are trying to settle the suit and have the boat released. The "Ollie E." has been running in the Paducah-Dyersburg trade since the Chattanooga quit the Cumberland river owing to low water.

MEDICAL SOCIETY WILL
MEET TOMORROW NIGHT.

The regular meeting of the McCracken County Medical society will be held tomorrow night at 7:30 o'clock with its secretary, Dr. Vernon Blythe, at his office. Dr. Blythe will read a paper on "Surgery of the Lungs" and Dr. S. Z. Holland will read one on "The Anatomy of the Lungs." A full attendance is expected. At the meeting it will be decided where to hold the winter meeting. Some of the members are anxious to have some certain place to place to meet instead of meeting at the offices of the different members in alternation. The Woman's club has consented to let the doctors meet at their building and a vote will be taken tomorrow night.

HEAVY BETTING ON THE
PITTSBURG-DETROIT GAMES

Pittsburg, Pa. Oct. 5.—All reserved seats for the world series here are already sold. It is estimated \$200,000 has been wagered the last few days. The Tiger fans ask odds of ten to seven. Many freak bets have been made on the scores and that Wagner will out-bat Cobb. The Pirates are in perfect trim.

HARDY BUGGY CO. LOSES
CASE IN SUPREME COURT

Frankfort, Ky., Oct. 5. (Special.)—The case of Dayton C. Stinson, trustee, against the Hardy Buggy company from the McCracken circuit court was affirmed today by the appellate court. In the lower court Stinson secured judgment for a shipment of buggy bodies manufactured by the Royal Body company. The Royal Body company was in bankruptcy, and the suit was filed by the trustee. The Hardy Buggy company claimed the goods were not up to the contract, and refused payment.

Good Size Crowd Out Today
to See the Start.

THURSDAY THE BIG DAY

"They are ready to step at the fair grounds."

Some of the finest horses in western Kentucky are at the fair grounds waiting for the word. A large crowd was out to see them go and to attend the fair. The gates were swung open this morning and a good size crowd was out, but the main attractions were pulled off this afternoon.

The prospects are for larger crowds tomorrow, while Thursday will be the big day. Many merchants will close in the afternoon and give their clerks a half holiday. The attendance from the surrounding towns is good, and is expected to be better Wednesday and Thursday.

J. L. STANFORD SUES STREET
CAR COMPANY FOR \$15,000.

For injuries sustained by a fall from a street car, J. L. Stanford filed suit today against the Paducah Traction company for \$15,000 damages. He alleges that on July 2 he was a passenger on the South Third street car, and was dismounting at Third and Adams streets, when the current was turned on suddenly, and he was thrown to the street. Injuries were sustained, it is alleged, that will make him a permanent cripple.

MARY COPELAND SUES FOR
DIVORCE FROM HUSBAND.

Suit for divorce was filed today in circuit court by Mary Copeland against her husband, Eugene Copeland. The couple separated in 1907 when she alleges he abandoned her and children. Ida Nard is named as co-respondent. Mrs. Copeland asks that she be awarded custody of their three children: William Henry, 10; Tommie Louise, 8, and Helen Copeland, 6. She also asks that he be required to contribute \$5 each week for the support of her children.

POPE HAS A GOOD NIGHT.

Pontiff Resumes Audiences—Considerable Pain and Swelling in Leg.
Rome, Oct. 5.—The pope had a good night and was much better this morning. The pontiff resumed his audiences discontinued yesterday.

For several days past the pope has been indisposed.

There was considerable pain and swelling in the leg, which indicated a recurrence of the gout.

Mr. William F. Katterjohn went to Mayfield this morning on business.

Clarksville Tobacco Market. Clarksville, Tenn., Oct. 5.—The receipts in the independent market in September were 417 hogsheds; sales, 633 hogsheds; shipments, 1,448 hogsheds. The total stock on hand October 1, were 838 hogsheds. Of this buyers held 718 and sellers 120 hogsheds. The receipts during the past week were 14 hogsheds and sales 6. The local salesman of the Dark Tobacco Growers' association reports no stock on hand, all of the 1933 crop having been disposed of. Bremen reports about 800 hogsheds of lugs on hand with stock demand and the Italian Regie offering 2,500 hogsheds of dark lugs for sale in 200-hogshead lots. It is reported that the Italian Regie through its agents at Louisville is trading for

30,000,000 pounds of the Black Patch crop of 1933, offering 8c and 9c. The tobacco crop of this year is all harvested except scattered remnants. The factories are ready to receive the new crop and a few loads have already been delivered. The following prices are quoted:

The Same Dimensions.

The bride-to-be had the air of one who is unreconciled to the existing state of affairs. "Can't we take a wedding trip, as we'd planned?" she asked, plaintively.

"Not just now," said the young man, "on account of my partner's illness."

"I thought it would be such fun, taking that six days' journey in the car!" she sighed.

"Well, now see here," said the young man. "If we take that flat I looked at yesterday, it'll be just the same as living in the parlor-car state room, except that the scenery won't change."—Youth's Companion.

GOV. PATTERSON FOR THIRD TERM

Urged to Run but Personally He Prefers to Go to U. S. Senate.

Nashville, Tenn., Oct. 5.—The Banner today says:

"Little doubt is expressed in Tennessee political circles that Gov. M. R. Patterson will be a candidate for a third term. The opinion is general too, that Gov. Benton McMillin will seek election as United States senator to succeed Senator J. B. Frazier. It has been an open secret for some time that Gov. Patterson does not desire, if his personal preferences are alone to be considered, to occupy the gubernatorial chair for a third term."

It is also a well known fact that the governor has an ambition to go to the United States senate. While this is true, it is also known that the close political friends of the governor are and have been for some time, urging him to again be a candidate for the office which he now holds. The pressure has been of such a character that it is thought the governor feels he cannot ignore the solicitations of his friends and supporters, and will therefore probably yield to their earnest desire that he seek another term as chief executive of the state.

The recent action of the conference of state-wide Democrats in declaring for a perpetuation of the new prohibition and election laws and the declared purpose of this branch of the party to see to it that only those Democrats who are for the continuation of these measures are put on guard in the state next year, only served to emphasize the fact which has been recognized from the first that these laws will continue for the next two years to be the leading issues in the state Democratic campaign.

None of the local opinionists have so far come out as open advocates of a repeal of the state-wide laws and have declared that the laws being on the statute books should be enforced. They do declare, however, that these laws are not backed by popular sentiment, and, lacking support, they cannot be made effective.

On the other hand, there have been strong denunciations of the new election laws, and these would indicate a fight before the next general assembly for their repeal."

BEAUTIFUL CELEBRATION

Was Scene at Poughkeepsie Yesterday in Honor of Hudson and Fulton.

Poughkeepsie, N. Y., Oct. 5.—Poughkeepsie furnished one of the most inspiring spectacles of the Hudson-Fulton celebration when a great crowd gathered at Eastman park to salute Governor Hughes, soldiers and sailors on the left, and civic organizations on the right. Then down the green sward came a number of groups typifying the spirit of 1776 and the spirit of 1909, one the spirit of peace. Behind them a band of several hundred musicians sounded the strains of the "Stars and Stripes Forever," and as the column halted in front of the governor's stand, the soldiers and sailors presented arms the tune was changed to "Columbia the Gem of the Ocean."

"I've witnessed many beautiful scenes during the celebration," said Gov. Hughes, "but this is the most beautiful of all."

No Pardon for "Modern Young Lochinvar."

Frankfort, Ky., Oct. 5.—The "Modern Young Lochinvar," as Gov. Wilson calls E. L. LeMarre, who is now in the penitentiary here serving a sentence of two years for horse stealing, must stay in prison until his time is out, as the governor has refused to grant him a pardon. LeMarre eloped with a girl in a buggy which he hired in a livery stable in Clark county. He was chased over several counties by the father of the girl and run down in Ohio, where he had taken the horse and buggy. He claimed that he did not intend to steal the horse, but was only trying to escape from the father of the girl. He was convicted of theft, however, and sent to the penitentiary. The governor says the young man did not give his right name and cannot be trusted.

153 FALL INTO RIVER.

Tried to Crowd on Little Torpedo Boats at St. Louis.

St. Louis, Oct. 5.—Fifteen thousand enthusiastic and curious persons were carried into the wharfbat, at the same time this afternoon. The boats wouldn't hold them and part of the overflow, numbering 153, were pushed into the Mississippi, to be drawn ashore by police, sailors and others. Many were trampled under foot when two squads of police reserves charged the crowds to drive them back from the boats.

Scores of women fainted. These were carried into the wharfbat, at the landing. The police, as a last resort, began to thump heads with their canes and the executive officer of the fleet ordered the boats closed to the public.

"Amelia, I am going to ask you the old, old question."

"Oh, Herbert, this is entirely unexpected. I need time to think! Please ask it hypothetically!"—Chicago Tribune.

ALL SEATS SOLD

\$100,000 RETURNED TO WOULD BE SPECTATORS.

Pittsburgh's Great Baseball Plant Will Be Taxed to Its Capacity at World Series.

Pittsburgh, Pa., Oct. 5.—The National Baseball Commission, having charge of the sale of seats for the world's series games between Pittsburgh and Detroit, announced today that the public sale of reserved seats advertised for on Wednesday was called off owing to the fact that no tickets are left for either the games on Friday or Saturday. The mail order sale of reserved seats was unprecedented, the 12,514 tickets for each game on Forbes Field having all been sold within 48 hours after the mail orders were received, and the announcement made that \$100,000 worth of orders for seats had been returned. The local club refused to accept mail after Saturday morning and all letters arriving after then were returned.

There is still 12,000 bleacher and standing room tickets that are to be put on sale each day, and police reserves will probably be necessary to control the crowd of disappointed people. Extra seats are being built around Forbes field, thus preventing ground rules. Eight thousand seats are being built in right and left field thus giving the park a seating capacity of 43,000. With those standing all records of attendance is expected to be broken.

Watering Streets in China.

The watering of the streets in China is still a very primitive business. The water is first drawn up in baskets from wells by means of a rope and pulley. This sounds somewhat ridiculous, but the "baskets" are very closely woven, and, when wet, form thoroughly serviceable vessels, possessing the valuable quality of lightness. The water is next carried in wooden tubs and distributed by men armed with basket ladders attached to long wooden handles, with which they splash "spoonfuls" of fluid over the dusty street. This crude machinery is all the more astonishing when one reflects that the Chinese are extremely clever in a mechanical way. He is, however, inherently conservative and sticks to old methods on principle, even though common sense tells him they are absurd.—Wide World Magazine.

His Remedy.

A conceited Dublin official, upon reaching his home one evening, found the street blockaded and a heap of earth piled against his doorstep. Observing a workman wielding his shovel in a nearby ditch, he accosted a passing policeman and complained that the laborer was trespassing upon private property.

"What do yez mean by thrown dirt on th' gentleman's steps?" demanded the officer pompously.

"Sure, an' there's noo other place to throw it, d' ye moind!" replied the workman, indifferently.

"Well, thin, in that case, yez had better dig another hole and throw it in there."—Pittsburgh Chronicle-Telegraph.

COMMERCIAL

COURSE IN CITY HIGH SCHOOL STARTS SOON.

Trustees Have About Completed All Arrangements for Installation.

Unless present plans go astray the commercial course will be inaugurated in the High school at the beginning of next semester. For several months the school trustees have been working quietly on the course, and believe that the funds of the boards will permit the beginning of the stenographic course. Typewriters have been offered the board at reasonable rates.

It is planned to use a space on the second floor under the east stairs leading to the High school for the commercial course. Six typewriters will be installed, and two classes will be taught at the inauguration of the course. The location for the typewriters is excellent, as the machines will not disturb the grades, and there is plenty of light. The bookkeeping course will not be installed before next year, as the board will be unable to install the whole course next semester.

Ruskin on Railways.

One can imagine perhaps the feelings with which Ruskin, had he been alive, would have heard the news that a new Alpine railway is now in course of construction. His most withering sarcasms were directed against those "travelers through the Alps by tunnels" who "go to balls at Rome, or hells at Monaco." And he was vehemently opposed to all attempts to beautify the railway station. "The railroad," he writes in "The Seven Lamps of Architecture," "is in all its relations of earnest business, to be got through as soon as possible. It transmutes a man from a traveler into a living

parcel. For the time he has parted with the nobler characteristics of his humanity for the sake of a planetary power of locomotion. Do not ask him to admire anything. You might as well ask the wind. Carry him safely, dismiss him soon—he will thank you for nothing else."—London Chronicle.

The Senator Confesses.

As every lawyer knows, Senator Daniel is the author of a comprehensive treatise on negotiable instruments, which is generally considered to be the leading authority on the subject. A friend one day inquired how it was that in the midst of his arduous political duties, which must have demanded his constant attention, he found the time to write two such exhaustive volumes.

"Well," replied the senator, "it happened this way: A young fellow I knew came up to me one day and said, 'Say, Mr. Daniel, does a sight draft bear interest?' And—would you believe me?—I couldn't answer that simple question. So I determined then and there to find out all about it. It took me a long time, but I did it."

"Well, senator," observed the friend after a short pause, "does a

sight draft bear interest?" There was a moment's silence. "Though adverse to advertising rupt reply.—October Lippincott's.

Two Hits to Spare.

A baseball game was played at Topeka once between the married men and the bachelors.

A man named Flood came to bat. The pitcher put over a straight one and Flood knocked the ball over the fence.

Instead of starting for first base Flood braced himself and stood stock still.

"Run, you idiot!" screamed the spectators. "Run! Why in blazes don't you run?"

"Run!" calmly queried Flood. "What would I run for? I've got two more clouts at it!"—Saturday Evening Post.

Daily Thought.

Don't cultivate the habit of being suspicious. It is one that is very easy to acquire, but not so easy to overcome. It breeds trouble and misery, weakens the character and casts an unhappy shadow over one's life.

You still have until 9 o'clock tonight, in which to register, that you may vote in November.

The commonwealth has been uniformly unsuccessful in the prosecution of druggists, charged with selling prohibited drugs and liquor at this term of circuit court.

By a premature settlement with the bonding company, McCracken county failed to recover the full amount of Hiram Smedley's alleged pecuniations, and now that his attorneys have beaten the commonwealth at the lunacy inquest, Smedley goes to the asylum and the prosecution goes by the board.

Whether his campaign managers Judge R. T. Lightfoot and J. M. Lang, approve his course, everybody must admit that County Attorney Barkley exhibited almost reckless courage in reciting at Reidland how busy he has been, trying to keep his colleagues at the court house straight.

THE FAIR.

The opening of the McCracken county fair today under circumstances of unusually propitious and weather conditions that are ideal, we hope will go far toward stimulating local pride, a realization of a community of interest and friendly intercourse between the people, not only of the county, but of the Purchase and the city of Paducah.

The social features of such an institution as a county fair are not to be minimized in considering its advantages. There the people from the country and city commingle, admire and discuss their various products, study their economic relations, and promote their social relations. Nothing like a common interest to do that.

Horse racing is a great attraction to the average man, and most especially the average Kentucky man. We are enjoying good horse racing at the fair, and the people of neighboring counties and neighboring states know it. The sport is clean and the track is fast.

The particular advantage to Paducah of having an attraction like this to draw people to the natural market place of the Purchase, is easily recognized, and to those energetic and efficient gentlemen, who have given their time and good money to the organization of this fair, is due the gratitude of the entire community.

MR. DORIAN IS SINCERE.
The sincerity, honesty and integrity of Mr. John J. Dorian, Republican nominee for police judge, has never been questioned or doubted by the honest, fair-minded people of Paducah. No one but a designing politician or the News-Democrat would ask

"Is Mr. Dorian sincere?"

Mr. Dorian did promise, not only the finance committee but also the general council of Paducah, that if the court of last resorts should hold that Mr. Walters was entitled to receive the salary of city treasurer for November and December 1908, that he would refund to the city that amount of money paid to him as salary for that period, and that he would protect the city if the courts finally decided that he was not entitled to the salary but that Mr. Walters was.

It is true that the court of appeals held Mr. Dorian was ineligible for re-election, but in this connection the court of appeals said: "He (Dorian) was permitted by the constitution to continue to exercise the duties of the office until his successor qualified."

It also used these words in concluding its opinion in that case: "Appellee (Walters) had not the right to the office until he had executed bond approved by the council."

The council approved Mr. Walters' bond on February 18th, 1908, and Mr. Dorian at that time immediately surrendered the office to Mr. Walters. Mr. Walters was not entitled to the office, so says the court of appeals until his bond had been approved by the council, but that Mr. Dorian was entitled to it until the bond was so approved.

Then we leave it to the fair-minded citizens, who was entitled to the salary, Walters, who was NOT entitled to the office, or Dorian, who WAS entitled to it?

Mr. Walters filed suit in the McCracken circuit court against the city of Paducah seeking to recover the salary for November and December 1908. He had able attorneys to prepare his case, and when it was tried out by the court, Judge Reed made an order dismissing Mr. Walters' petition, thereby holding that Mr. Walters was not entitled to the salary for November and December, 1908.

Then the question arises, "Who was?" Certainly Mr. Dorian, as he was the officer performing the duties of the office during that time.

This is the way the record now stands before the people, and all we have said is supported by public records in the city of Paducah, open every working day to every voter and citizen in the state of Kentucky.

Mr. Walters is prosecuting his suit to recover his salary for November and December, 1908, in the court of appeals, but that court has not yet passed upon the question and until it does no one can tell surely how they will decide. But from what has gone before and by the judgment of Judge Reed, it would seem reasonable to believe that Mr. Walters will lose his case in the court of appeals and that Dorian will be sustained in his claim for the salary in the office of city treasurer during the time covered for which Mr. Dorian agreed to return the salary if the court of appeals decided he was not entitled to it.

If Dorian was entitled to the office until Walters' bond was approved on February 18th, 1908, doesn't it appear to an unbiased mind that he would naturally be entitled to the salaries of the office, if he performed its duties until that time? This is a question that each voter may answer for himself, and when he knows how the record now stands he can also answer the question: Is the News-Democrat honest and sincere with the people?

It does not correctly state the status of the law suits that have gone before and are now pending. Its whole design is to mislead and cause the unsuspecting reader to infer that Mr. Dorian has been guilty of some insincerity which is wholly without foundation and pure political slush.

SOME STORIES AROUND TOWN

One of Paducah's physicians has been joked recently about an experience when he was passing his station days in the country. Coin was a mighty scarce article, and he never lost an opportunity to charge when his patients, which were far between, came in. One day while driving along a road an old man, who was one of the wealthiest in the county, stopped him and told him his ailment.

"Poke out your tongue," said the doctor. "Ah, I see you need some pills."

Reaching down in his medicine satchel he handed out six small sugar-coated pills, and drove on with the promise that his pay would come Saturday.

Promptly next Saturday the patient appeared at the office, and was grinning all over the face for the pills had done the work.

"How much do I owe you?" said the farmer.

"Three dollars," replied the young doctor.

"What?" exclaimed the patient.

"Three dollars for those six little measley pills. Why, doc, that's 50 cents apiece."

"Yes, but remember, my kind sir, I looked at your tongue."

One of Paducah's young men celebrated his twenty-first birthday a few days ago. The family had planned a surprise for him, but he got the tip and pulled off the first surprise himself. A few minutes after midnight on the day of his birthday the family was awakened by terrible sounds emanating from the young man's room on the second floor. Soon the cries of "Man in the house, man in the house" stirred the whole family to action. Dashing up the stairs

one member after another discovered only the young man in bed yelling "Man in the house."
"Where is he?" yelled the father at the same time grabbing a chair.
"Right here in bed," responded the young fellow. See, I am 21 today."

Mrs. Willson Injured.

Frankfort, Ky., Oct. 5.—Mrs. Willson, wife of the governor, suffered another severe injury this morning at the mansion and as a result of it her left hand is now disabled and her right hand, which was hurt in the runaway accident several months ago, was injured anew.

Mrs. Willson slipped on a rug as she was entering the house from the rear porch and fell with great force. She was rendered unconscious for a time. The main force of the fall came on her left hand, but the injured right hand was also hurt. Physicians say that there is no serious injury as a result of the fall.

The Value of His Time.

Young physicians in the smaller towns have an idea that appearing very busy will help them greatly in starting a practice. The following is told by ex-Senator Dr. Godfrey Hunter, of Kentucky. Doctor Hunter had a call the afternoon following the hanging out of his "shingle," and started through town in his buggy at terrific speed. A policeman stopped the enterprising physician.

"Doctor," he said, "it is against the city ordinance to drive at the speed you are going. You must accompany me to the judge and pay your fine."

"What is the fine?" inquired the doctor.

"Five dollars."

The doctor's hand flew to his pocket. "Here's ten dollars; I have to come back just as fast as I am going."—Success Magazine.

Have you gas on stomach? One Mi-o-na tablet and the misery is ended.

Are you bilious, dizzy or nervous? Mi-o-na tablets will put you right in a day; give relief in 10 minutes.

Now, dear reader, don't go on suffering with stomach trouble. Be fair to yourself; throw aside prejudice and try Mi-o-na. It is a great doctor's prescription. No doctor ever wrote a better one.

And money back from W. J. Gilbert if you don't say Mi-o-na is worth its weight in gold. Sold by leading druggists everywhere but in Paducah by W. J. Gilbert. 50 cents a large box. Test sample free from Booth's Mi-o-na, Buffalo, N. Y.

Mrs. Mary Hutchinson says: "Pains and distress in my stomach and a general stomach complaint was entirely cured for me by the use of two boxes of Mi-o-na, and I have no hesitation in recommending its use."

DEATHS OF A DAY

Mrs. John O'Donley, aged 70 years, died at her home at Hinkleville last night at 6:30 o'clock of heart failure.

She was a good Christian woman and a member of the Methodist church.

She came originally from North Carolina, her birthplace. Surviving her is one daughter, Mrs. Samuel Grimes, and a granddaughter and grandson.

The funeral services were held at 2 o'clock this afternoon and burial was at the O'Donley family cemetery.

The Rev. McCasling officiated.

Mrs. Mollie Salyer.

After a short illness of pneumonia, Mrs. Mollie Salyer, a widow, aged 52 years, died at her home at Sharpe, Marshall county, yesterday afternoon.

She was widely known and leaves a host of friends. She is survived by two daughters, Miss Annie Salyer and Mrs. Dora Fessler, and two sons, Messrs. Sam and Agg Salyer.

The funeral services were held this afternoon and burial at the Salyer cemetery, near Sharpe.

The 18-months-old daughter of Mr. and Mrs. Joe Hunt, living at Benton, was probably fatally injured yesterday afternoon when she tumbled from the porch of her home, falling headlong on a rake made of 16-penny nails. One of the nails entered the child's skull for two inches and she may not recover. A physician from Paducah was called to attend the little girl and her condition is regarded as serious.

THE MINISTERS

REORGANIZE THEIR ASSOCIATION AND PLAN WINTER WORK.

Reorganization of the Protestant Pastors' association was effected this morning at a meeting held at the Broadway Methodist church, and she was entering the house from the rear porch and fell with great force.

She was rendered unconscious for a time. The main force of the fall came on her left hand, but the injured right hand was also hurt. Physicians say that there is no serious injury as a result of the fall.

The Rev. M. E. Dodd, pastor of the First Baptist church, time. The main force of the fall delivered an excellent address on "The Minister and His Address."

During the summer the meetings of the association were discontinued, but now the work for the year will be taken up and regular meetings held.

—Mrs. A. D. Ray, of 718 South Ninth street, dislocated her left knee last night in a very unusual manner. She was at home chatting with visitors and when she crossed her knee the joint of the limb became dislocated. She is confined to her bed being unable to bear weight on the injured limb.

Just Like His Father.

Mr. Jefferson had not been altogether an exemplary husband and father, but he possessed certain engaging qualities which secured him many friends and made his death the cause of sincere mourning to his widow. "Miss" Jefferson, she's done broke up over Ebenezer being took off from pneumonia," said one of the neighbors.

"She sutt'nly is," said another. "Mournin' round de house all de time, she does. Why, day before yesterday I was thar helpin' her, an' only stop cwy'n' once, an' dat was to speak to little Eben for takin' m'lasses out'n de jug into his mouf when her back was turned."

"When she spanked him good and set him down, she say to me: 'He makes me tink ob his pa so much I cya'n't bear it!' and bus' right out cryin' again!"—Youth's Companion.

Mr. and Mrs. C. R. Hall left today for St. Louis.

MAY DIE

WILL MATHEY BE IN DANGEROUS CONDITION TODAY.

With a bad wound in his neck, the windpipe and jugular vein cut and a wound on his thigh, Will Mathey colored, is lingering at Riverside hospital. He has a slim chance to recover. Mathey was slashed, evidently with a razor, yesterday afternoon about 2:30 o'clock at the N. C. & St. L. railroad crossing at Sixth and Norton streets, by an unknown negro. Police have a description, but no arrest has been made yet. It is said that a game of craps was in progress and that Mathey refused to "pay up" after he lost. Then he was cut. Mathey lives in Evansville and came here with a string of race horses for the fair.

PITY POOR HOUSEKEEPER!
BROOM PRICES NOW SOAR.

Advanced From 20c to 30c in the Retail Price.

Keeping a clean house is expensive now owing to the record breaking advance of the price on broom straw. As a result the price on brooms has advanced almost as high as the aeroplanes, with not nearly as good a chance of dropping. A shortage of the broom corn crop is responsible for the advance, and as this is the second year of a small crop the price on the sweeping material has not stopped advancing.

Broom corn is selling from \$175 to \$200 a ton, which means to the groceryman that brooms are selling from \$2.25 to \$2.50 a dozen, and to the consumer it means that a four-string broom, selling ordinarily at 20 cents, is now going for 30 cents. And the price may go higher still for most of the broom corn was sold before it was cut and the reports show that the crop was a failure in many producing districts.

The Senator Confesses.

As every lawyer knows, Senator Daniel is the author of a comprehensive treatise on negotiable instruments, which is generally considered to be the leading authority on the subject. A friend one day inquired how it was that in the midst of his arduous political duties, which must have demanded his constant attention he found the time to write two such exhaustive volumes.

"Well," replied the senator, "it happened this way: A young fellow I knew came up to me one day, and said, 'Say, Mr. Daniel, does a sight draft bear interest?' And—would you believe it?—I couldn't answer that simple question. So I determined then and there to find out all about it. It took me a long time but I did it."

"Well, Senator," observed the friend after a short pause, "does a sight draft bear interest?"

There was a moment's silence. "Hanged if I know!" was the abrupt reply.—Lippincott's Magazine

FAMOUS KENTUCKY BEAUTY

DIED IN NEW YORK TODAY

New York, Oct. 5.—Marquise Mary Desmontiers Meriville, aged 48, formerly Miss Gwendolyn Caldwell, daughter of Wm. S. Caldwell, of Louisville, Ky., died this morning on board the steamship Prinzessess Cella, just before it landed here. The body was brought ashore. She was returning for medical treatment. She was immensely wealthy a quarter of a century ago, and was known socially all over the world. In 1880 she surprised her friends by announcing she would enter a convent. She formerly was a Protestant. She did not enter, however, but gave enormous sums to Catholic institutions. Her husband, who is in France, has been notified.

IN SOCIAL CIRCLES

Miss Kirkland and Dr. Milam Marry Today.

The marriage of Miss Nellie R. Kirkland and Dr. Clarence K. Milam will take place this afternoon at 5 o'clock at the residence of the Rev. D. C. Wright, rector of the Grace Episcopal church, with only the most immediate relatives present. Dr. and Mrs. Milam will leave at 6:15 o'clock on a wedding trip. The announcement of the marriage will prove a surprise to the wide circle of friends of the couple.

The bride is the eldest daughter of City Auditor Alexander Kirkland, and is a young woman with a host of friends. She belongs to an old and prominent Paducah family. Dr. Milam is the son of Mrs. Kate Milam, and is a dentist, who has risen rapidly as a professional man. He is a son of the late Dr. M. G. Milam, one of Paducah's pioneer citizens.

Mr. and Mrs. Starr Milam, of Memphis, brother of the bride-groom are out-of-town guests for the wedding.

Wedding.

The marriage of Miss Agnes Barton, of Baltimore, Maryland, to Mr. John Buer, a prominent wholesale hardware man, also of that city, took place today at noon in Baltimore.

The bride is a niece of Mr. Alexander Kirkland, city auditor of Paducah, and belongs to one of the most prominent and influential families of Maryland.

Miss Elizabeth Kirkland, of this city, left last week to attend the wedding and will be the guest of her aunt, Mrs. Barton, this autumn. Miss Kirkland is one of the winter's debutantes and is a girl of striking patrician beauty.

U. D. C. Chapter.

Paducah chapter, United Daughters of the Confederacy, is meeting this afternoon at the Woman's club building. It is the regular chapter meeting for October. The hostesses are Mrs. William Wright, Mrs. Harry Fisher and Mrs. L. A. Albrighton. In addition to the musical program Mrs. John J. Berry will give a character sketch of "Bettie Taylor Phillips."

The coming state U. D. C. convention at Hopkinsville will be discussed. Much interest is being evinced in this meeting and the telegrams from Hopkinsville state that from the number of credentials already received the state meeting of the United Daughters of the Confederacy on October 13 and 14 will be one of the best attended meetings ever held.

The total number of delegates is expected to be somewhere from 100 to 150. As far as the credentials are received the local committee is assigning the delegates to homes among those citizens who have offered to entertain one or more of the visitors in their homes, and this part of the work will all be done when they arrive. Quite a number of matters are under consideration looking to the entertainment of the guests. Among these is a trip to Fairview, so that the delegates may go over the site of the proposed memorial park at the birthplace of Jefferson Davis. The citizens of Fairview are very much interested in this part of the program, and will be ready to do their part in entertaining the visitors should the trip be made.

Owing to the nearness Paducah will doubtless be largely represented. The following delegates and alternates have been formerly elected: Mesdames Victoria Thompson, Elizabeth Austin, Louise Maxwell, C. E. Purcell, Lela Wade Lewis, W. C. Gray, James Koger and Roy McKinney, and Misses Mary K. Sowell, Mabel McNichols, Sadie George, and Mesdames J. C. Bartee, Hal Walters, John Berry, Gardner Gilbert, alternates.

Paducah Minister Officials at Fulton Wedding.

The Rev. C. E. Jackson, pastor of the Tenth Street Christian church, was called to Fulton last evening to officiate in a quiet wedding when Miss Sarah Elizabeth Cresap, and the Rev. J. S. Dean, pastor of the First Christian church at Clinton were united in marriage. The marriage was solemnized in the parlors of the Usona Hotel at 8:30 o'clock and was witnessed only by a few friends and relatives. They left immediately for their home in Clinton. Mr. Dean is an old school mate of Mr. Jackson's, having attended college at Lexington, Ky. with him. The bride is a pretty young woman and of a well-known family of that place. Mr. Jackson returned home this morning.

Miss Anderson, of Louisville, Complimented.

Miss Margaret Anderson, of Louisville, who will give a talk on John Keat, at the open meeting of the Department of Literature of the Woman's club on Thursday afternoon at 4 o'clock at the club building, seems to be not without honor in her own city. The Louisville Post in announcing Miss Anderson's series of talks there last winter says:

"Miss Margaret Anderson will give a series of talks on 'Poetry' Monday morning at the Seelbach, beginning November 2, when the subject will be John Keats. Those who heard Miss Anderson's talks on art and poetry last spring and summer will be glad of this opportunity to hear her again. She speaks with eloquence, a poet among poets. Her clarity of vision, her phrasing both forceful and delicate, her nice discriminations, her fine enthusiasms,

command the earnest and delighted interest of every listener. Her point of view is at once conservative and original. Avoiding the spirit of didacticism, she teaches by suggestion and by inspiration lessons that linger long in the mind."

Approaching Wedding on the South Side.

Announcement is made today of the approaching wedding of Miss Jessie Maud Parkins and Mr. William Scott McCarthy, both of this city. The marriage will take place on October 12 at 8 a. m. and will be a quiet home affair. The Rev. M. C. Dodd, pastor of the First Baptist church, will officiate. The couple will leave at 9:30 a. m. for Chicago and other northern cities. They will reside at 147 Farley Place on their return.

Miss Parkins is the second daughter of Mrs. Sarah Parkins, 147 Farley Place, and is a popular young woman of the south side.

Mr. McCarthy is a hooty operator of the city and is connected with the News-Democrat mechanical force.

MRS. KATE STEWART

ANSWERS DEATH'S SUMMONS WHILE HERE VISITING.

Her visit to relatives in Paducah was cut short today when death's summons came to Mrs. Kate Stewart, of Wickliffe, Ky., at the residence of her mother-in-law, Mrs. J. M. Hutchinson, 916 Trumble street. She died at 12:10 o'clock this morning after a four weeks' illness of stomach trouble.

Mrs. Stewart was the wife of Alfred Stewart, of Wickliffe. She was 23 years of age. Eight weeks ago she came to Paducah with her little son, Willie, to visit the family of Mr. J. M. Hutchinson. She was taken suddenly ill, succumbing at the early hour this morning. She formerly resided in this city for five years, returning a short time ago to Wickliffe, her birthplace. She was well known here. Surviving her are her husband and little son, her father, Mr. Henry Reeves, of Wickliffe, and two brothers, Messrs. Albert and C. D. Reeves at Wickliffe.

The funeral will be conducted this afternoon at 5 o'clock, the Rev. J. R. Clark, pastor of the North Twelfth Street Baptist church, officiating. The body will be shipped to Wickliffe at 4 a. m. tomorrow for burial at the Cain Creek cemetery.

S.S.S. CURES OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germ; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S. S. S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When S. S. S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills in with firm, healthy flesh. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use. SUPREME COURT

UPHOLDS RIGHTS OF HEALTH BOARD TO CONDEMN COWS.

"Better to Kill the Cows" Than the Children—Are a Menace to Health.

Frankfort, Ky., Oct. 5.—In an opinion handed down yesterday Judge O'Rear upholds the contention of the state board of health in the tuberculosis test cases in the injunction suit of John Wittwer and others, vs. Dr. J. M. Mathews and others, to prevent the state board from condemning to death cows suspected of having tuberculosis.

Judge O'Rear was selected to preside in the case by the attorneys for both sides, and he asked the other judges to consider the matter with him. They concur in his opinion.

While the judgment is really that of the Jefferson circuit court, it practically makes an appeal useless on account of the unanimous opinion of the judges of the appellate court.

In his opinion the judge says in part:

"In the nature of the case it would be as impracticable to first try out the question in court whether the plaintiff's cows are diseased as to call on the jury to say whether a general contagion in a city makes it necessary to destroy intervening houses to save the remainder. Better kill the cows than the children. Those cows affected are a menace to the public health and, like a public nuisance, should be summarily handled like all other public nuisances of equal danger are handled. We think the injunction prayed for should not be granted."

The attorneys in the case are Morton K. Yonts for the plaintiffs and Senator Bradley for the board of health.

ANOTHER THROUGH SLEEPER TO THE COAST.

In accordance with its policy of steadily improving its service, the Union Pacific has added to the equipment of its famous St. Louis-Colored sleeping car from Kansas City to San Francisco. This train now carries through sleepers from Kansas City to Portland, San Francisco, Salt Lake City and Los Angeles. In connection with the through sleepers to Portland and Los Angeles, already in service, the new car affords practically through service from St. Louis to San Francisco, as through passengers can transfer from sleeper to sleeper while en route.

COTTON CONDITIONS ARE WORST IN MANY YEARS.

Excessive Rains First, Then the Drought Plays Great Havoc With the Crop.

Washington, Oct. 5.—Financial and weather conditions combined, produced the most unfavorable report from the department of agriculture, on the condition of the cotton crop, that has been made at this season of the year for many years. The official report indicates that on September 25 the condition of the cotton crop was only 55.5 per cent of normal, as compared with 63.7 per cent on August 25, 1909; 69.7 per cent on September 25, 1908; 67.7 per cent on September 25, 1907, and 67 per cent on the average for 10 years on September 25, 1909.

After the announcement by the department of agriculture of the figures recording the average for this month, Dr. S. A. Knapp, chief of the co-operative demonstration work for the department of agriculture in the south, after the conference with Secretary Wilson, said that the serious falling off in the figures especially for Louisiana and Mississippi were due to two conditions: One was the excessive rainfall in the early part of the cotton crop season, followed by a serious drought, and the second was the failure of cotton planters to obtain advances on their crops from bankers. The latter reason forced the planters to dismiss a considerable part of their labor at a time when the boll weevil was a most serious pest.

O. DOCTOR, SPARE THAT APPENDIX.

Is Plea of Boston Physician, Who Says Such Operation is Criminal.

Boston, Oct. 5.—"An operation for appendicitis should be called a criminal operation, and as such should be prohibited by law," declared Dr. Charles E. Page, one of the best known Boston physicians.

"I have been following the records of appendicitis operations ever since the craze for this form of surgery started," says Dr. Page, "and I am still convinced that the day is coming when the people will realize that the cutting of the appendix is a criminal operation."

"As for the widely proclaimed benefit and saving of life by operations to cut the appendix, it seems hardly necessary to cite the long list of deaths following the operation."

IMPORTANT TO ALL WOMEN READERS OF THIS PAPER

Thousands upon thousands of women have kidney trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they will cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But thousands of irritable, nervous, tired and broken-down women have restored their health and strength by the use of Swamp-Root, the great Kidney, Liver and Bladder Remedy.

Swamp-Root brings new life and activity to the kidneys, the cause of such troubles.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, may address Dr. Kilmer & Co., Binghamton, N. Y., and receive sample bottle free by mail. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

News of Theatres

The rise of a humble workman to the presidency of a great iron corporation; the casting off of the wife of his early manhood and the sharing of his trials and struggles, and his subsequent marriage to a fortune hunting actress, is graphically told in Lem B. Parker's new romance of American social life, "The Final Settlement," which will be seen for the first time in this city at the Kentucky theatre next Friday. The play is a severe arraignment of certain phases of life among a social set who have suddenly acquired great wealth, and the story cannot fail to interest thinking men and women who have observed the tendency among certain of our well-to-do to lightly regard the sacredness of the marriage vow and the sanctity of the home.

Jules Murry's production of "Fluffy Ruffles," with that mischievous and genuine blonde young rascal, Florence Gear, as Fluffy, was exploited at the Lyceum yesterday, says the Detroit Free Press. That humorous and facile maker of verse, Wallace Irwin, and George Totten Smith contributed the lyrical sections, and William T. Francis composed the musical score. These workers comprise a valuable combination. The result of their united efforts is a product much better than the ordinary entertainment of this order. The satire has meaning; the "smart" speeches have a perceptible tang; the songs are written as if by their writer really had tried to cultivate self-respect; and the music takes hold of the imagination and accelerates the circulation. The barn dance in act second is one of the prettiest episodes in the composition. It was hailed by yesterday's crowds with delight and it was repeated several times before the action was permitted to proceed.

Miss Gear comes to The Kentucky next week.

BURNING ECZEMA QUICKLY SPREAD

Started Like Ringworm on Hand—Hand Swelled and Then Humor Spread to Arms, Legs and Face—It Was Something Terrible.

PRESCRIPTIONS FAILED: CUTICURA CURED HIM

"I have used the Cuticura Remedies for a very bad case of eczema with complete success. About fifteen or eighteen years ago the disease developed in the shape of a large pinhead on top of my hand. It burned and itched so much that I was compelled to show it to a doctor. He pronounced it ringworm, and made very light of it. He gave me a wash and told me to apply it before going to bed and all would be over in the morning. But the next morning my hand was all swollen up and I polished it. When the doctor came to his office I showed him the hand and to my surprise he told me that he had never experienced such a case in his practice and said it was well I polished it. After trying his different remedies the disease increased and went up my arms and finally to my thighs and legs generally and finally on my face. The burning was something terrible. After I had tried this doctor, as I thought, long enough, I went to another doctor who had the reputation of being the best in town. He told me it was a bad case of eczema and that it would take quite a while to cure it. His medicine checked the advance of the disease but no further.

"I finally concluded to try the Cuticura Remedies. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent and found relief in the first trial. I continued until I was completely free from the disease and I have not been troubled with another attack since. I still use the Cuticura Ointment in my family as it is one of the best remedies to heal a sore or other injury rapidly. I can freely and truthfully say that the Cuticura Remedies are the best so far as my experience went with them and I am still recommending them, feeling sure I am not making a mistake. C. Burkhardt, 236 W. Market St., Chambersburg, Pa., Sept. 19, 1908."

TEN BALLOONS

SAIL FROM ST. LOUIS MONDAY IN BIG RACE.

Wilbur Wright's Flight at New York One of Most Spectacular Feats of Aviation.

St. Louis, Oct. 5.—With the atmospheric conditions ideal for the big balloon race, the ten balloons sailed southeasterly. The passage above the city from the grounds of the Aero club was made at a height of 500 feet. Sixty thousand persons were on the Aero club grounds. The ascensions were promptly made and the big gas bags floated slowly above the heads of the cheering spectators.

Two of the balloons, the Peoria and Missouri, have gas bags of 40,000 cubic feet and were in a special race. The others were 78,000 cubic feet and raced for medal prizes. The smaller gas bags are expected to remain in the air 18 hours, and the larger ones 40 hours. By morning they ought to be over Kentucky or Tennessee.

The Cleveland was first to get away, followed by the St. Louis III, Centennial, Pomeroy, New York, University City, Indiana and Hoosier. Because H. H. McGill, pilot of the Indiana, had not received a license, his entry sailed under a protest. The Hoosier was disqualified as Dr. P. M. Crume is not a licensed pilot. However he sailed away for the sport of ballooning.

John Berry, pilot of the University City, was the favorite of the spectators. His craft was patched on the ground as the big bag filled. The ropes of the netting were knotted and showed use. He followed the New York, the most modern craft in the race, and received the most cheers.

All the balloons carried as much ballast as possible in the expectation of long flights. Under the rules they will not have to let out gas until late today. The Lahm cup, held by Capt. F. DeForest Chandler, is one of the prizes sought by the aeronauts. A flight of more than 475 miles will win it.

New York, Oct. 5.—An aeroplane flashed by the white dome of Grant's tomb, then turning gracefully in mid-air over the Hudson river, shot back to Governor's Island, 10 miles away. Wilbur Wright thus placed his name in the rank of the most spectacular feats of aviation.

Over the masses of warships, from whose decks the hoarse cheers of the sailors were borne up to him, Wright flew the 20 miles round trip, remaining in the air 33 minutes and 33 seconds, alighting at the aerodrome without a mishap.

During the flight business was practically at a standstill in all those parts of Manhattan from which a view of his remarkable performance was available. The harbor craft shrieked applause, cheers swept up from the banks of the Hudson and lower bay—for the Dayton aviator had "made good," crowning the aviation program of the Hudson-Fulton celebration with a record.

The flight was made under conditions only moderately favorable. Almost indistinguishable against the gray banked clouds, the machine soared past Old Castle Williams and entered the cañon between the Manhattan skyscrapers and the Jersey hills. The aeroplane was first at a height of 200 feet, but an unexpected air current moved the aviator down until he was barely a hundred feet above the river traffic.

Over the warships he passed, cheered by the sailors of the United States, Germany, France and Italy.

When the aeroplane reached the British cruiser Argyle, eight miles above Grant's tomb, Wright gracefully curved about and started on the return. The wind was then favorable. While the 10 mile up-stream occupied nearly 20 minutes, the return flight was made in little more than 13.

Nearing Governor's Island, he gradually lessened the height. Past the island the machine sped, an eighth of a mile over the bay, then veering sharply around Wright headed swiftly for the landing place in which he settled with the ease of a bird amid the plaudits of the soldiers and the civilians.

Rheumatism Cured. For the benefit of suffering humanity, I will say that I had a severe attack of muscular rheumatism the latter part of January, 1908. I have had inflammatory rheumatism almost all my life. I tried a number of remedies, obtaining only temporary relief. By the use of a little more than one bottle of Hays' Specific the disease was conquered. It is a system cleanser, a blood purifier and a pain destroyer. Sold by all druggists. R. W. CHILES, Pastor Union Rescue Mission, Paducah, Ky.

Sold by all druggists.

While chopping kindling, Patrolman E. C. Dalton, 1209 Tennessee street, nearly severed the forefinger on the left hand yesterday afternoon. He was splitting some tough cypress wood and brought the axe down with much force. The blade was deflected and chipped on his finger. He was able to be on duty last night, although the digit caused him much pain.

THE EXTENSIONS OF IMPROVEMENTS

ALLOWED BY BOARD OF COUN-
CILMEN LAST NIGHT.

Mechanicsburg Improvement Ord-
nances Passed but Work Will
Not Start Till Next Year.

DR. SIGHTS' CLAIM ALLOWED

Last night was the regular meeting
of the board of councilmen at the
city hall. Several new ordinances
for street improvements were adopt-
ed, the time being extended for 12
months in order that the city will
have ample time to complete the
improvements.

All members were present as fol-
lows: Foreman, Bowers, Duvall, Han-
nin, Kreutzer, Lally, Mayer, Mc-
Carthy, Van Meter, Wanner, Wilson
and Young.

Petitions.
Property owners on Meyers street
petitioned the board objecting to the
improvement of the street by con-
structing concrete sidewalks, curb-
ing and guttering. Their complaint
was on the grounds that it is too late
in the year for such work. The pe-
tition was received and filed.

A petition from a number of prop-
erty owners in the Chamblin, Mur-
ray and O'Brien addition asking that
Brown street be improved by gravel-
ing was referred to the street com-
mittee for investigation.

Finance.
The report of the city treasurer

COLONIAL HOTEL

A delightful place to spend your va-
cation is at the Colonial Hotel, West
Baden Springs, Indiana.
Most every one knows of the mar-
velous cures with the West Baden and
French Lick Springs mineral waters,
where thousands have been cured. The
Medical Staff of the Colonial Hotel
Laboratories have extracted the min-
erals from the water of Sal-Lithia
Spring at West Baden, to be taken at
home which reproduces the West Baden
and French Lick treatment.

We want everyone who is troubled
with their stomach, liver and bowels,
which means indigestion, dyspepsia,
biliousness, sour stomach, inactive
liver, jaundice and bad complexion,
headaches, melancholy, nervousness,
insomnia, female weakness and general
debility and very often affects the
heart, to come to the Colonial Hotel or
write us and we will send them a sam-
ple of Concentrated Sal-Lithia Free.
Sal-Lithia keeps the stomach healthy
and makes the liver and bowels act
and by so doing none of the above dis-
eases will trouble you.

AN EASY AND HARMLESS WAY
OF AN OLD-TIME PRESCRIPTION
In a modern product. From time
immorial sage and sulphur have
been used for the hair and scalp. Al-
most every one knows of the value of
such a combination for darkening the
hair and making it grow. In olden
times the only way to get a hair tonic
of this sort was to brew it in the
home fireplace, a method which was
troublesome and not always satisfac-
tory. Nowadays almost every up-to-
date druggist can supply his patrons
with a ready to use product, skill-
fully compounded in perfectly equip-
ped laboratories. Such a preparation
is Wyeth's Sage and Sulphur, which
is sold by all leading druggists for
50c, and \$1.00 a bottle, or which is
sent direct by the Wyeth Chemical
Company, 74 Cortlandt St., New
York City, upon receipt of price. For
sale and recommended by W. J. Gil-
bert.

were allowed.
The board of Delinquent Tax Col-
lector B. M. Philley having been ap-
proved by the city solicitor, City Au-
ditor Alex Kirkland was authorized
to turn them over the 1938 back tax
bills to him for collection.

By a vote of 9 to 3 the claim of
City Health Officer H. P. Sights
amounting to \$288.50, for extra work
during the smallpox epidemic last
February, was allowed. Those vot-
ing against it were Foreman, Duvall
and Wanner.

The claim was presented and re-
ferred back to the finance committee. Last
night the committee recommended
its allowance separate from the rest
of the accounts.

New Ordinances.
First and second passages were
given the ordinance compelling all
owners of improved real estate to
keep their premises clean of trash,
rubbish, weeds, etc.

An ordinance providing for the con-
struction of concrete sidewalks, gut-
ters and granite curbing on both
sides of Meyers street to Island
Creek bridge and on both sides of
Fourth street from the bridge to
Broad street, provoked considerable
discussion. Remarks were made by
City Solicitor James Campbell, Jr.,
and Councilmen Bowers, Van Meter,
McCarthy, Duvall and Young, both
against and in favor of the improve-
ment. City Engineer Washington
said it would be a big engineering
problem and a big cost. Mr. Yates,
a resident and property owner, spoke
in favor of the work and was of the
opinion that owners of property not
filled in should keep their property
and it is their duty. He said
the people in that section were living
in a "mud hole," and they were en-
titled to the improvement in face of
the high taxes they pay.

On motion the ordinance was given
first and second passages. The time
for the improvement was extended
to 12 months. The matter of making
the fill preparatory to the sidewalk
construction was left with the board
of public works. The fill will be
made this year, allowing it to settle
firmly before the sidewalks are laid.

An ordinance providing for the
construction of concrete sidewalks,
gutters and granite curbing on Tenth
street between Clay and Trimble
streets was tabled on motion of Mr.
Lally.

First and second passages were
given the ordinance for concrete side-
walks, gutters and granite curbing
on the south side of Trimble street
between Sixteenth and Seventeenth
streets. This will be a greatly need-
ed improvement.

An ordinance for similar improve-
ments on Twelfth street from Trim-
ble street to Salem avenue was
adopted.

Redrafts.
A redraft of the old ordinance
governing and regulating the burial
of bodies in Oak Grove cemetery
was given first and second passages.

A redraft of the old ordinance re-
lating to the fire protection of hotels,
theaters, boarding houses, factories,
school houses, etc., was adopted.

An ordinance for the protection
of Oak Grove cemetery and its addi-
tion was given first and second pas-
sages. Automobiles will be restricted
to a speed of 4 miles an hour while
in the cemetery. A motion for 6
miles an hour was lost.

A redraft ordinance for the con-
trol and management of the ceme-
tery and for the appointment of a
sexton or keeper of the cemetery by
the cemetery committee was given
first and second passages.

An ordinance fixing the salary of
the sexton at \$840 per annum and
fixing his bond at \$1,000, was
adopted.

The monthly report of Chief James
Collins, of the police department,
showing collections of \$794.75;
amount repaid, \$84; on hand for
collection, \$33, was received and
filed.

A deed to a lot in Oak Grove ce-
metery was granted to Mrs. L. R. Van

Transfers of lots in Oak Grove
were granted as follows: R. A. Hicks
to Ed Roos, Jr., F. L. Scott to O. B.

ECZEMA READILY CURED BY A SIMPLE HOME TREATMENT

A simple clean remedy that can
be used in the home is what every
person desires who is suffering from
eczema. You can now have that
remedy and get instant relief, and
be cured permanently by ZEMO, a
clean vegetable liquid for external
use. ZEMO cures skin diseases by
drawing the germs and their poi-
sons, that cause the disease, to the
surface of the skin and destroying
them, leaving the skin clean and
healthy. Mr. W. J. Gilbert, the drug-
gist, will give you a booklet and a
sample bottle of ZEMO and will ex-
plain to you how a great many cases
of eczema and other forms of skin
diseases have been cured by this
simple home treatment.

WORK JUST AS HARD WHEN BOSS IS AWAY.

John D. Rockefeller Gives His Motto
for Holding a Job.

Cleveland, O., Oct. 5.—Work just
as hard when the boss is away as
when he is watching you, is John D.
Rockefeller's motto for holding a
job, as related by him to the Sunday
school boys of his church, the Euclid
avenue Baptist. First, Mr. Rocke-
feller told how to obtain a position.
This is to establish a reputation for
honesty, industry and sobriety.

Mr. Rockefeller philosophized from
his own experience in life, so he said.
Incidentally he remarked that last
Sunday was the fifty-fourth anniver-
sary of the date when he obtained
his first job. He was footsore and
weary when at last he found a
chance to go to work. Then he was
told to call again.

"I was to call after luncheon. A
gentleman who knew me was hunted
up by my prospective employer," Mr.
Rockefeller said. "He told all about
me and I got the job. Remember,
boys, when you look for a job em-
ployers will inquire about you, and
it is a good thing to have a reputa-
tion for honesty. Especially do they
inquire of your pastor and teacher. A
boy must not necessarily be smart
to hold a position, but must be
honest, sober and diligent."

Do the right thing if you have Na-
sal Catarrh. Get Ely's Cream Balm
at once. Don't touch the catarrh
powders and snuffs, for they contain
cocaine. Ely's Cream Balm releases
the secretions that inflame the nasal
passages and the throat, whereas
medicines made with mercury merely
dry up the secretions and leave
you no better than you were. In a
word, Ely's Cream Balm is a real
remedy, not a delusion. All drug-
gists, 50 cents, or mailed by Ely

PUT BRAINS IN OHIO PIGS.
Experiments at Agricultural Station
Produce Porcine Prodigies.

Cleveland, O., Oct. 5.—They are
making pigs grow brains at the Ohio
Agricultural Station at Wooster by
feeding them brain food. Dr. E. B.
Forbes, who is in charge of these
experiments, is having great success.

They have put ordinary porkers
on diets devised by Dr. Forbes, and
in 60 days the pigs have developed
brains which have crowded their
skulls' capacity.

The pigs showed more intelligence
as their brain grew bigger. They
didn't wallow in the mud, but gam-
bled like lambs. They didn't grunt
and climb with their front feet into
the feeding trough, but ate with less
of devouring passion and more relish.
They also showed evidence of in-
creased brains in other ways.

FREE For "Summer Complaint"

The common ailment of these hot days is "Summer Complaint,"
or diarrhea. It is very annoying and weakening and upsets the
stomach. The cause of the trouble usually lies in food and water,
which in the summer time are often laden with germs, but with
many it is due to eating too much fruit or to eating over-ripe fruit.
Whatever the cause it is not good to take an astringent remedy that binds
up the bowels and stops the flow too
suddenly, but take a reliable, natural
laxative like **DR. CALDWELL'S**
SYRUP PEPIN.

Its antiseptic properties remove the
germs which have been causing the irrita-
tion. Children like it especially because
of its gentle action and pleasant taste.
Salts and purgative waters, tablets or
pills, act so violently as to weaken you
still more, and do but temporary good.
DR. CALDWELL'S SYRUP PEPIN
is the best remedy you can obtain for
constipation, indigestion, summer com-
plaint or summer colic, biliousness, sick
headache, etc. All druggists sell it and it
costs only 50 cents for \$1.00 a large bottle.
It is for all members of the family and
should be your household remedy for
these purposes.

DO YOU KNOW WHAT QUAKER IS?

Fisher Calls Your Attention to Positive Facts.

Why is Quaker Extract different
from any other remedy there is on
the market? Because you are not
taking pills, pellets, or other dopes,
which are usually composed of some
opiate or other, and from the use of
which you receive as much benefit
from a sample as from a barrel-full;
and for this very reason they adver-
tise to give you a "free sample" or a
"trial-treatment." You know that
when a dose or two from a sample
will show you wonderful results, you
positively must be convinced that you
are taking a medicine composed of
some kind of opiate. Listen: Fisher,
the Quaker Health Teacher, wishes
to call your attention to positive
facts. He does not claim Quaker
Extract and Oil of Balm will pos-
itively cure Rheumatism, Catarrh,
Kidney, Liver, Stomach or Blood
Troubles, and will also expel all
worms or germs from the system of
man, woman or child. Why? Be-
cause it is composed of Nature's own
remedies; it has been on the market
for years, and today has that same
wonderful curative power that it had
years ago, when it was the only
medicine known to our forefathers,
the Friends or Quakers, and has
proved what he says.

Fisher is at McPherson's, corner
Fourth and Broadway, from 9 a. m.
to 5 p. m. daily, and urges you to
call. The remedies are sent to out-
of-town residents on receipt of price:

Rivalets.

The I. N. Hook is due from the Tennessee with a tow of ties for this port.

With a tow of spokes the Concrete should arrive today from the Tennessee river.

The local packets brought in large crowds of visitors to the fair and races today.

Delayed up the Tennessee river in handling freight, the City of Saltville did not arrive yesterday. She was due today.

From Evansville the Bob Dudley arrived last night at 8 o'clock and departed at 10:30 for a return trip. She will be the Evansville packet tomorrow.

The Royal is running in the excursion business between Tolu and Golconda this week during the fair. She returns here next Monday to enter the Paducah and Tennessee river packet trade.

The towboat Mary Anderson came in from the Caseyville mines yesterday with a tow of coal and returned today.

The dredge boat Leader, of River-ton, Ala., owned by the Sheridan & Kirk Construction company is working at Brookport, opposite Paducah clearing the channel. She is in charge of Capt. A. E. Dodson. Arrangements have been made with the West Kentucky Coal company to supply the boat with fuel while she is here.

The towboats Pavonia, owner by the Ayer & Lord Tle company, and I. N. Blawie, of Mt. Vernon, Ind. passed inspection yesterday. The Plescher has just had a new battery of boilers installed by the Fowler-Wolfe boiler works here, and will leave this afternoon for her home port after being here several weeks.

Steamboat Inspectors Green and St. John, of Nashville, returned home at noon today.

The pay has been \$3 a day in the Monongahela valley and the men say that \$3.50 is paid on the lakes and \$4.50 and \$5 on the coast. The Monongahela Consolidated Coal & Coke company, the Rogers and Iron City Sand company are the three companies refusing to sign the scale.

The Pittsburgh Sun says: "Local coal interests are prepared to make big shipments on the first opportunity, as at the present time there are more than 10,000,000 bushels of coal ready to go out. The possibility of a rise before the latter part of the month has been given up."

HEARST MAY RUN AGAIN.

Report That He Will Be Independent Candidate for Mayor of New York.

New York, Oct. 5.—After a conference with William Randolph Hearst, Charles E. Gehring, chairman of the New York county committee of the Independence League, announced last night that it was not improbable that the founder of the league would enter the mayoralty fight at the head of an independent ticket.

Mr. Gehring would not make a definite statement, but implied that Mr. Hearst had signified his willingness to enter the field again this year.

INSPECTOR FOR COUNTY HIGH SCHOOL TO BE ELECTED.

IMPORTANT SCIENTIFIC DISCOVERY.

A Clinical Preparation That Positively Kills the Dandruff Germ.

A most important discovery has been made after a year's patient laboratory work aimed in a certain direction—it is Newbro's Herpicide, a preparation that prevents falling hair, and speedily and permanently eradicates dandruff. These evils are caused by a germ or parasite that burrows into the scalp, throwing up dandruff, as it seeks to sap the life of the hair at the root. There's no baldness without falling or thin hair, no thin hair without dandruff, and no dandruff if the germ is destroyed. Newbro's Herpicide is the only preparation that will do the work. "Destroy the cause, you will remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. 10c bottles guaranteed.—R. W. Mortality of Governors.

The recent mortality of governors of states has been striking. Within a year Governors John A. Johnson of Minnesota, George L. Lilley, of Connecticut, Samuel G. Cosgrove, of Washington, and John Sparks, of Nevada, have passed away. This is certainly an extraordinary number of gubernatorial deaths. Governors Cosgrove and Lilley had been in office only a short time when the summons that no man may ignore or evade came to them. Both were inaugurated in January, and Gov. Cosgrove died in March and Gov. Lilley in April.—Hartford Times.

WATER NOTICE.

Patrons of the Water company are reminded that their rents expired on September 30, and those who desire to renew them should do so before it is forgotten, as all premises not paid for on or before October 10 will be shut off.

JACK JOHNSON GOING THE PACE

Followers of the Fight Game Watching Big Black With Misgivings.

San Francisco, Oct. 5.—"Just what shape is Johnson going to be in when he meets Ketchel?"

This was the query heard on all sides in the sporting resorts. The fashion in which Johnson has been cruising around the city after the hours when most persons were in bed has led to the remark being frequently brought up.

In Tom Corbett's place the odds have remained steady with Johnson favorite at 1 to 2 on the bout of October 12. But the small bets have commenced to flow in on Ketchel. This is nothing unusual. In most big bouts the outsider always gets the volume of small bets in every pool room. But the fashion in which good-sized wagers have also commenced to come in is making the men who accept the bets think of "balancing out the book."

"Johnson doesn't put enough life in his work," said one follower of the game. "The chief reason he worked yesterday afternoon was to gather in some money from spectators. Ketchel, on the other hand, really does get going. It is hard to get him started and I think he will scale 185 when he enters the ring. But he will be in better shape than Johnson. As for the big black boxer I don't know what he can do. He has all his speed, and doesn't perjure much at work. But that doesn't indicate what he can do if Ketchel can make a long bout of it."

ED HANNAN GETS MAYFIELD PLUMBING CONTRACT.

Mayfield, Oct. 5.—The heating and plumbing contract of the new school buildings were let Monday afternoon. The successful bidder for the heating was Lochridge & Ridgway and for the plumbing Ed D. Hannan, of Paducah. The bids were as follows: Heating—Pech, Hammond company, \$7,549; Southern

Heating company, \$7,625; A. W. Randolph, \$7,500; A. J. Anderson, \$7,580; J. L. Phipps, \$9,133; Ed D. Hannan, \$7,559; T. J. Mooney & company, \$7,615; Lochridge & Ridgway, \$6,883. Plumbing—A. W. Randolph, \$3,000; J. L. Phipps, \$3,300; Ed D. Hannan, \$2,995.

GOV. WILLSON TO JOIN TAFT PARTY AT HICKMAN.

Hickman, Ky., Oct. 5.—J. T. Stephens, postmaster of this city, is in receipt of a letter from Governor Willson stating that he will join President Taft and party en route down the Mississippi river at Hickman on October 26, instead of joining the party at St. Louis. Governor Willson will arrive in Fulton on the evening of October 25 and will come over to Hickman by auto that night. Governor Willson will make a speech introducing President Taft.

2,880 Meals Served.
Prisoners in the city jail smacked

their lips 2,880 times last month, according to the monthly report of City Jailor James Clark showing the number of meals he fed. This, however, is a large reduction in meals, as in August the jailer came near feeding 4,000 meals, being scant only 56. That was his record month. This month promises to be as quiet as last.

Sabbath Breaking.

On the strength of evidence given in police court this morning of George Ruff, colored, charged with being drunk Sunday, John Hill, colored, was arrested by Patrolman Dugan at 2 o'clock this afternoon charged with furnishing liquor on the Sabbath and to a minor. When Judge Cross asked Ruff where he obtained his booze he said Hill gave it to him. A warrant was immediately issued for Hill.

Many a man has married a widow who had an idea of doing so—the idea being exclusively hers.

experience of ten years, handling coal from every mine accessible to Paducah, TAYLOR COAL has given the best satisfaction, and, as the consumer is the best judge and the one to please, we have decided to handle no other. Never clinkers; no slate, no slack; burns to a fine white ash and will beat any coal in the world for holding fire all night. We have found it the best, those that tried it found it the best, if you try it you will find it the best, and have no other. Be sure and get our prices before buying.

Now is the time to place your coal order for the winter. And every coal dealer will tell you his is the best. Unlike other dealers, we are not under salary or contract to sell coal from any one coal mine and to tell you it is the best; but an ex-
